

KSHITIJ SHALLES TATER

SOFTWARE ENGINEER

Pune, India | P: +91 7020586787 | rahul.tater010@gmail.com | LinkedIn: Kshitij Shallesh Tater

EXPERIENCE

LG Electronics – Pune, India

Internship

August 2023 – September 2023

- Contributed to the TV product development lifecycle by conducting rigorous quality control tests, resulting in the identification and resolution of 15 product defects.
- Enhanced product performance by analysing test data and proposing improvements to the assembly process, leading to a 5% reduction in production errors.
- Developed a strong understanding of LED panel technology and display calibration processes.
- Collaborated effectively with cross-functional teams to ensure timely completion of testing projects.
- Utilized testing equipment and software to conduct comprehensive product evaluations.

JP Morgan Chase & Co.

Software Engineering

Apr 2024

- Set up a local dev environment by downloading the necessary files, tools and dependencies.
- Fixed broken files in the repository to make web application output correctly.
- Used JPMorgan Chase's open source library called Perspective to generate a live graph that displays a data feed in a clear and visually appealing way for traders to monitor.z
